

From Earth to Asgard

Chapter 1 by Victoria Wilson

I never felt normal, considering I live in a small town where everyone seems to be all related in some weird way. It's like a giant family reunion and I've just been crashing the party. I never understood it, how I grew up here but my everyday life is the feeling like I'm the new kid at school and everyone gives me the dirty looks as if I'm an alien.

The one thing that makes me feel better is my best friend. She's my heart and her smile just brightens up my day. The problem is, I've been in love with her since the 9th grade. Guess that makes me an even bigger freak than I already was.
